

The Board of the Historical Society believes that Palmyra area men who have given their lives in the service of their country should have their names permanently enshrined in the community. Thomas-Holcomb Post has a very fine memorial at Hillside Cemetery in Palmyra but it includes no names. Our memorial stone that you see here will be placed in the lawn near the entrance to the Turner Museum and will, we believe, supplement their memorial.

If you wish to contribute to this memorial please make your check to the PALMYRA HISTORICAL SOCIETY and mail to the Palmyra Historical Society, Box 265, Palmyra, WI 53156. Please mark your check "for memorial." The names of contributors will be on display in the Turner Museum. If you wish to contribute please do so by Labor Day or sooner.
